Thermal Massage
Ball Technology

Massage balls move up and down the cervical spine. A gentle neck and shoulder massage eases stiff necks and aching shoulders.

Massage area covers a wide section of your back, while a soothing and warm touch relaxes it.

Massage balls move down the lumbar curve to massage the waist with a rolling motion, while effectively stretching the waist.

Parts of the warm massage balls.

Massage Balls

Thermal Massage Balls

New Technology

Panasonic's latest innovation, featuring built-in thermal massage balls, creates warmth to ease swelling and sooth tense muscles. The technology applies the calming strokes of a masseur's warm, skillful hands, offering complete relaxation for tired, aching muscles.

*Heat from the massage heads may vary according to each individual's body temperature, massage areas, massage programs, clothing material and room temperature.

Enjoy a relaxing massage with Real Pro's high-tech auto body scanning system. Real Pro's technology is able to detect the prominent points of your body through its massage heads and adjust them accordingly. Its sensor technology delivers a gentle massage specifically contoured to suit each back and shoulder's unique structure, while giving special attention to your spine.

Timeline — Massage Chairs

Rejuvenate yourself with full body air pressure massage from your shoulders to the soles of your feet.

Panasonic's new 3D Massage Mechanism and Air Massage technology feature 3 all-new massage and stretching techniques.

3D Massage Techniques
Panasonic's latest innovation enables up-down, left-right and front-back 3D movements for a professional massage.

Airbags surround your whole body
Full body air pressure massage from your shoulders to the soles.

1. Stretching massage around the pelvis

Airbags on both sides hold the pelvic area as the massage balls knead the back.

Twisting

Stretching

2. Stretching massage around the shoulder blades

Airbags hold both sides of the shoulder in place as massage balls knead the back, spanning from the shoulders to the chest.

Holding both sides of the shoulders

Kneading the back area

3. Stretching massage for the leg

Airbags inflate to hold the sides of the thigh, calf and soles of the feet. The leg-rest rises to stretch the leg muscles while the back is kneaded using 3D massage techniques.

Hold and stretch

Experience greater comfort by reclining the Real Pro to your desired level.

Shoulder Massage

A suitable amount of pressure is applied to relax the shoulders.

Hand & Wrist Massage

Top and bottom kneading is applied at crucial tension points to relax the hand and arm.

The armrests adjust according to the degree of the reclined chair.

With the armrests angled with the backrest, you can enjoy arm massage even while lying down.

Hip & Thigh Massage

Airbags at the waist and thighs relax the muscles.

Buttock, Pelvis & Thigh Stretching

3 airbags at the buttocks and thighs for better relaxation.

Airbags rise up to 11cm

Foot Massage

Foot Massage with 3D air cushions for a realistic massage experience.

Shiatsu foot pad

Calf Kneading

Kneading is applied on both sides of the calf.
