- Smooth, low-friction SkinGlide to minimise irritation

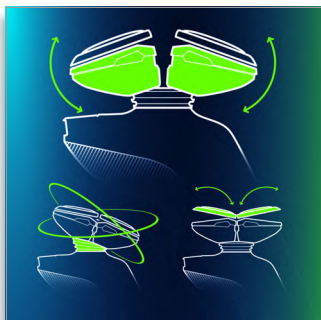

Shave with perfect control and precision

- Easy-grip handle with ergonomic grip for close control
- Skin-friendly precision trimmer

PHILIPS
sense and simplicity

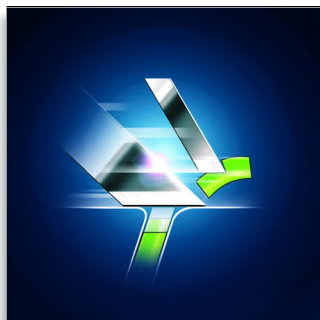

Highlights

GyroFlex 3D Shaver

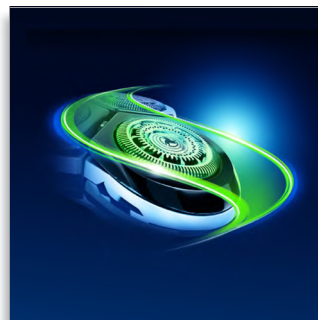

GyroFlex 3D contour-following heads adjust seamlessly to every curve of your face, minimising pressure and irritation on your skin.

Super Lift & Cut Action

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

SkinGlide

The low-friction SkinGlide shaving surface slides smoothly along your skin for a close, easy shave.

UltraTrack Shaver Heads

Get a close shave that minimises skin irritation. The shaving head has 3 specialised tracks: slots for normal hair, channels for long or flat laying hair and holes for the shortest stubble on your face.

Aquatec

The Aquatec wet and dry seal lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

Easy grip

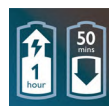

The easy-grip shaver handle has an ergonomic grip with anti-slip coating, ensuring close control for an extra-precision shave.

Precision trimmer

The unique skin-friendly precision trimmer system is built to avoid unnecessary skin contact. Easy to use for perfect moustache and sideburn trimming.
